JOIN THE HEMEROCALLIS SOCIETY — Send \$3.50 to Mrs. Daisy L. Ferrick, Secretary, 416 Arter Ave., Topeka Kansas; also purchase that instructive book, "Hemerocallis, The Perennial Supreme", by and from Dr. Philip G. Corliss, P. O. Box 68, Somerton, Arizona.

JOIN THE AMERICAN PLANT LIFE SOCIETY, contact Mr. E. Frederick Smith, Box 2398, Stanford, California.

Hemerocallis

(DAYLILIES)

—are referred to as the “Flower With a Great Future” also “The Perennial Supreme”, and many other complimentary terms. all of which seem well deserved. It has been noted that perhaps no other flower will give such returns with as little all round expense, trouble and work.

The daylilies are versatile as to climate, type of soil, and conditions under which they will thrive, except that in too much shade they will be too spindly. In our experience it has been noted that under decent cultural practices the improvement in growth of the plants, number and size of blossoms will well repay you for the additional effort and expense.

•

There is sometimes the complaint that the price charged for some daylily plants (especially new introductions) seems a mighty whole lot for one measly plant; but, when consideration is given to the fact that once a person has a daylily plant growing it will continue to grow and bloom and multiply until “the end of time”—affording the opportunity of increasing and everlasting pleasure to the purchaser, his (or her) heirs and assigns henceforth and forevermore.

All orders amounting to five dollars or more will be sent post paid. Add fifty cents for postage on orders for less than five dollars.

PLEASE SEND CASH WITH ORDER.

Our only guarantee is that we aim to send good bulbs and plants, true to names as known to us. Upon receipt of goods, if for any reason you are not satisfied, please return the shipment and your money will be refunded.

•

Explanation of abbreviations used following the names: De (Deciduous), Ev (Evergreen), E (Early), E-M (Early Midseason), M (Midseason), L-M (Late Midseason), L (Late); Numerals, when shown, indicate approximate height of flower scapes.

DAYLILIES

- AMARYLLIS (Betscher)—Ev, M, Tall yellow, strong grower. Good landscape variety \$.25 each
- AMHERST (Wheeler)—Ev. Tall light purple with milk white midribs. A masterpiece of superb form and heavy texture. Good bloomer 5.00 each
- ANNIE OAKLEY (Wheeler)—Ev. A compact flat open, medium sized flower with wide segments. The petals and sepals are a soft buff orange; but, the sepals having a dusting overlay of red, giving the flower a Reverse Bicolor classification. A full circle red eye zone surrounds a small throat, this bull's eye effect suggested the name 12.50 each
- AUREOLE (?)—De, E 16". Dwarf orange of interesting form and coloring25 each
- BAY STATE (Betscher)—De, M, 36". Clear yellow, attractive style50 each
- BIJOU (Stout)—De, M 30". The garden effect of the medium sized flowers is red and gold. Good blooming bushy plant40 each
